I/we are interested in acquiring ... (amount)(category A-F) cabine/s. Please, put me/us on your waiting list.

Lieu/place _____ date _____ signature _____

The ship's cabin purchase application is confirmed in writing by the management of the association, each member receives a waiting list number with which the association member receives corresponding priority when we start selling ship cabins. (Note: Only members can purchase cabins and book cruises etc.) Other ship cabins are also available for office and storage purposes. These are then offered separately to each interested party with further details!

*This application does not oblige you to buy, but serves exclusively to create a reservation waiting list. The sale of the cabins will then be offered and processed separately according to the waiting list reservation. Everyone on the waiting list will then receive further detailed ship cabin acquisition offers for the respective decision in good time. There are only approx. 200 ship cabins available for living, the offer is only valid while available. Errors and changes possible!
