The ship cabin/suite reservation/purchase request will be confirmed in writing by the management of our association, each member will receive a waiting list number with which then the club member will receive appropriate priority in ship cabin sales.

(Note: Only members can purchase ship cabins, suites, book ship trips, etc.)

Upon confirmation of reservation by us, the binding ship cabin/suite reservation fee of 5% of the purchase price is due. There are also additional ship cabins available for office and storage purposes. These will then be offered separately to each interested party with further details!

Here you can download the application for the membership:

Cabins / suites can also be purchased in part ownership or timeshare. Please ask for further information and documents if you are interested: info@vzfml.ch

*This application does not yet commit to purchase, but initially serves to create a reservation waiting list. The reservation and the sale of the cabins / suites, as well as the due date of the reservation fee will then be offered separately according to the waiting list reservation, confirmed in writing and processed. Therefore, please transfer amounts only after receiving the binding reservation confirmation from us! Everyone on the waiting list will receive the further detailed ship cabin offers in time for the respective decision. Please reserve quickly; because there are only about 200 ship cabins for living available, the offer is only valid while stocks last! Errors and changes excepted!

Thank you very much for your trust! We are looking forward to a good partnership and many eventful, harmonious global journeys together to the most beautiful sea places on this earth on our unique private super luxury yacht!
